Welcome to the 36th TAMARKIN RARE CAMERA AUCTION Saturday, November 11, 2017

Please read the **General Instructions and the Terms and Conditions of Sale.**

GENERAL INSTRUCTIONS

BUYER'S PREMIUM

There is a Buyer's Premium of 19.5% for floor, telephone, email, and fax bidders.

The Buyer's Premium for On-Line Internet bidders is 22%.

CONDITION

All items are offered "as is." There is no return privilege, and all sales are final.

We have sought to express carefully in our catalogue a useful, general guide to the condition of each Lot. We have also attempted to describe any damage or restoration, but our descriptions cannot be accepted as absolutely definitive and complete. The absence of such a reference does not imply that a Lot is free from defects nor does any reference to particular defects imply the absence of others. Such information is given for guidance only and the condition of any Lot, and the nature and extent of any damage or restoration, should be confirmed by examination prior to the sale.

In terms of function, common sense should prevail. While we have tried to call attention to conspicuous mechanical or optical problems, one should assume that many of the Lots have seen little recent use and, therefore, have not recently been cleaned, lubricated, or adjusted unless otherwise noted. This means that many Lots, especially older cameras, might have shutter speeds and/or light meters that might need adjusting, and that lenses and other optical items might require lubrication and/or cleaning.

GUIDE TO RATINGS OF CONDITION

Mint	Like new. No signs of use or wear.
Near Mint	Only one or two insignificant signs of use.
Excellent ++	Very Clean. Only very slight signs of use.
Excellent +	Better than average. Used, but not abused.
Excellent	Average condition, signs of normal use.
Very Good	Well used but working.
Good	Heavily used
Poor	Bad condition. Probably only useful for parts.

ESTIMATES & RESERVES

The estimated prices in the catalogue descriptions are the approximate prices expected to be realized, excluding Buyer's Premium. They are prepared well in advance of the auction sale and are subject to revision. Furthermore, they are not definitive and meant only to represent general guidelines. Every item in the auction has a private "reserve" price.

INTERNET ON-LINE BIDDING

You will be able to bid, if you choose, in "real time" during the auction. Internet bidders pay a 22% Buyer's Premium.

BIDDING BY LETTER, FAX, OR E-MAIL

We are pleased to make commission bids on your behalf. All email/mail/fax bids must be received by 5:00 P.M. EST on Friday, November 10, 2017.

Please write clearly your name, credit card billing address, telephone numbers, fax numbers, date, email address, credit card number (with expiration date and security code), and signature. Unless previous arrangements have been made, bids that are missing full credit card information will not be entered. Catalogues will include a bid sheet and a facsimile can be downloaded from our website.

Please list the Lot number or numbers for which you would like to bid as well as your bid. Bidders will receive an invoice after the auction if their bids are successful.

Please note that all bids will be executed at the lowest possible price consistent with the Terms and Conditions of the auction. Tamarkin Auctions, LLC will treat mail, fax and email bids as the maximum price that the Buyer is willing to pay and will bid only enough to exceed the reserve price, or the next highest bid, at the normal auction interval.

VIEWING

Please note the viewing schedule: All auction lots are available for inspection prior to the sale, from October 23, 2017 until November 8, 2017 at 300 West Superior Street, Suite 202 in downtown Chicago, Illinois, by appointment. Our staff will attempt to answer questions and give advice, but the final decision to bid, and the amount to bid, is at your discretion and liability.

Auction viewings are conducted by appointment only, and only on the dates listed above in this section.

LOCAL TAXES

A 10.25% sales tax is due on all deliveries made in Illinois, and 6.35% on items delivered in Connecticut. However, all lots that are delivered outside Illinois and Connecticut are not charged any local or other U.S.A. taxes.

SHIPPING

Tamarkin Auctions, LLC undertakes the shipment of auction purchases only as a courtesy to buyers. The Buyer pays all freight and insurance costs and plus a modest additional fee for packaging and handling. Insured shipments within the USA are made by UPS or the U.S. Post Office. Foreign shipments are made by insured USPS International Priority, or, by arrangement, by courier services such as UPS and FedEx. Insurance is available for foreign shipments up to \$5,000 by USPS mail and up to \$75,000 by UPS or FedEx. Note that some countries have limits of insurance and therefore all liability for shipments above a country's limit will lie with the Buyer. All risk of loss, theft, and damage passes to the Buyer upon dispatch by the Freight Company or postal service.

PAYMENT

Payment must be made within five (5) days after the close of the sale. Acceptable payment may be cash, bank check, bank wire transfer, or credit card. (Acceptable credit cards are VISA or MASTERCARD.) We cannot accept payments by PayPal, Discover Card or American Express for auction purchases. All checks and other payments must clear before delivery of purchases unless prior arrangements have been made. Bank wire transfer details will accompany the auction invoices. Please note that no credit cards will be accepted for Lot 217.

Please note that Tamarkin Auctions is a Connecticut LLC entity, separate from Tamarkin Camera.

Condition: Excellent +

Estimate: \$1,000 - \$2,000

29. Zeiss Jena 4cm Biotar f2 Nr. 1699902 in Silver Chrome finish. A very early example of this rare uncoated lens for the Contax camera. Marked in Meters. Optics are hazy and front element has cleaning marks. Only 250 of these Biotars were produced in the mid-1930s. This was one of the first high-speed wide angle lenses produced for the 35mm film camera format.

Condition: Excellent

Estimate: \$1,500 - \$2,500

30. Zeiss Jena 85mm Triotar f4 Nr. 273516, in Contax mount. This lens has been refinished in Nickel. Optics are hazy and fungus is present.

Condition: Good

Estimate: \$300 - \$400

31. Zeiss Jena 90cm Apo-Tessar f9 Large Format "Barrel" Lens Nr. 2183221, Engraved "R 145". Originally designed in 1928, this lens is a very early example, likely made prior to 1947. Perhaps as many as 300 were made. The optics have some debris and possible signs of separation.

Condition: Good

Estimate: \$500 - \$1,000

28

32. Zeiss 3,5cm View Finder (432/5)

Condition: Excellent ++

Estimate: \$100 - \$200

Estimate: \$50 - \$100

35. Zeiss Contax 35mm Rangefinder Lens to Leica Screw Mount adapter, with Leica screw mount to M adapter.

Condition: Excellent +

Estimate: \$150 - \$300

29

32

36. Set of antique photo studio tools: an Eastman Kodak Co. Studio Scale (with extra set of weights) and antique hand-roller by Ideal Chicago, with three packets of unused Self-Toning Paper. Also, a Weston Photronic Cell Model 301/594, in an apparently homemade wooden box. Meter is not working.

Condition: Very Good Overall

Estimate: \$100 - \$200

37. Dallmeyer-Petzval 4D Brass Lens Nr. 30292, engraved "J.H. Dallmeyer LONDON No 30292 4D June 11th PATENT(U.S.) 186.7" Optics show signs of haze.

Condition: Excellent

Estimate: \$700 - \$1,000

38. Darlot Brass Portrait Lens, engraved "Darlon-Opticien Paris 29,597." With rack-and-pinion focusing and waterhouse stop. This Petzval-type portrait lens dates from the early 1890s, perhaps 1893. The lens is mounted on a modern board, which has a working built-in shutter. The focusing is working; lens shows signs of slight haze. With lens cap.

Condition: Excellent +

Estimate: \$800 - \$1,200

39. Goldmann "Herlango" Studio Camera, Vienna. With viewing back "Faltus Wein, Made in Austria" with viewing back adapters, viewing optic and pneumatic spherical shutter device. Early in 1917, camera maker Goldmann and Hrdliczka, a large photo dealer-distributor in Austria, merged along with Langer who made photo paper and chemicals. The result was "Herlango," which created its name using a syllable from each of the founders. Many "Herlango" patents remain with the Goldmann family to this day. This studio camera likely dates from 1920.

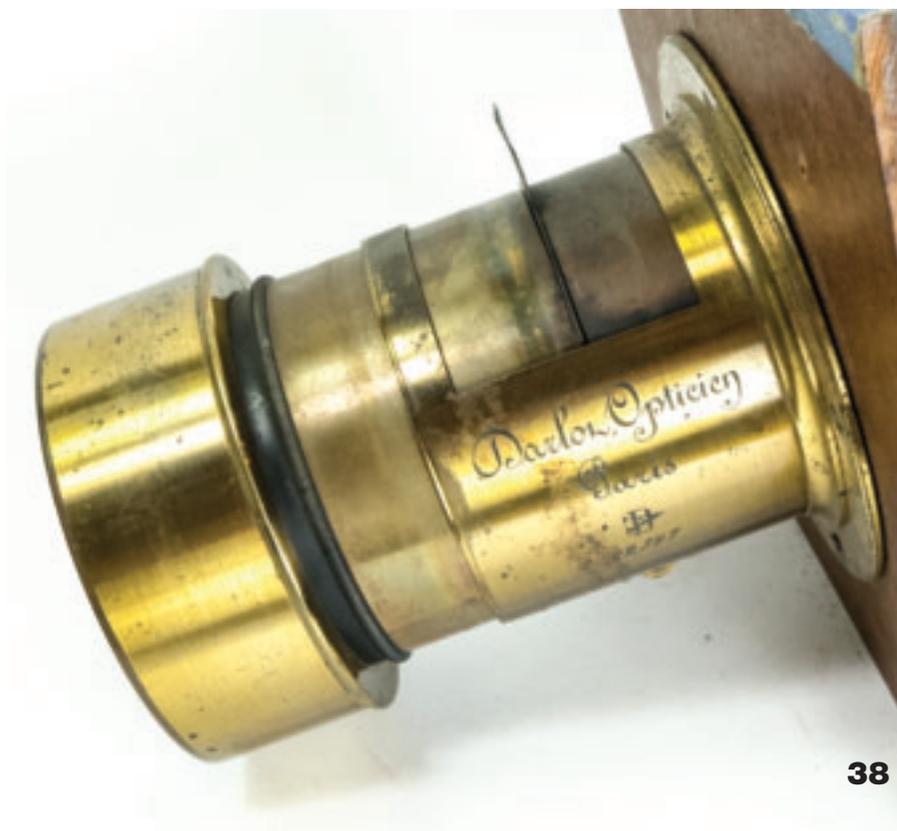

Viewing screen area is approximately 9.5-inches x 9.5-inches. Once assembled, the deck measures 27.5-inches x 12.5-inches and the overall height is 16-inches. The shutter device is broken at the shutter bulb and along the line. A small patch of metal railing is missing and some of the wood frame was repaired. Nonetheless, this is a stunning example of an early studio view camera from the renown camera maker Anton Goldmann.

Condition: Very Good

Estimate: \$2,000 - \$3,000

37

38

39

40. Gundlach Korona IIIa 4x5 Nr. 198, with 2 film backs and exposure guide. Made in Rochester, New York just after the turn of the last century, this camera is a piece of photographic history - a real prize for any collection.

Condition: Excellent

Estimate: \$400 - \$600

41. H. Mackenstien 5x7 Camera, Nr. 13695, with brass lens. Made in Paris. Lens has f-stops from f11 - f44. Lens clear and aperture is smooth.

Condition: Excellent +

Estimate: \$450 - \$700

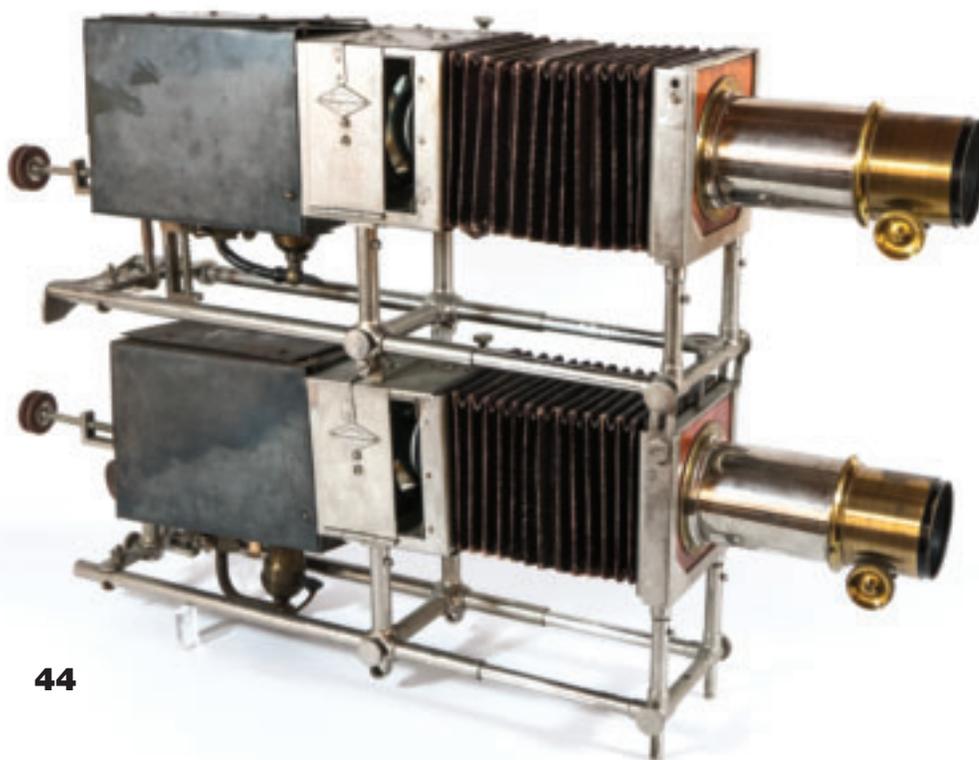

42. H. Mackenstien "Professional" Tailboard 5x7 Camera Nr. 7, with Brass Lens and placard reading "Mackenstien Fab^{TA} Paris - Marynen & Cie Bruxelles" on front placard. The Établissements Mackenstien began in Paris in the 1870s. Lens has f-stops from f8 - f64. Lens clear and aperture is smooth. The red bellows appear to be a replacement for the original.

Condition: Excellent

Estimate: \$400 - \$600

42

44

43. The Helios Company 5x7 View Camera, with placard reading "69" with Wray London 6.5 x 5 lens, in beautiful condition. Nr. 1330. Optics are hazy.

Condition: Excellent +

Estimate: \$325 - \$525

44. The Imperial Stereopticon "Magic Latern" Projector device. Made by McIntosh Stereopticon Co., Chicago, in 1915, it used electric light, which was an innovation at the time. The stereo projector is approximately 33-inches long and 20-inches in height. Considering its age, the optics are clean and the focusing and other mechanisms are working (despite missing some screws and knobs). The lower reflector positioning mechanism is slightly bent, but is working.

Condition: Good

Estimate: \$500 - \$700

45. London Stereoscopic side-wing view camera with London Stereoscopic Co. 5x8 Rapid Rectilinear brass lens, Nr. 7828, from the late 1800s.

Condition: Excellent

Estimate: \$200 - \$400

43

45

47

46. "The London Camera" Nr. 1268 with No. 1 Pioneer 7x5 Brass Lens. Camera marked, "City Sale & Exchange, 81 Alders-Gate St E.C. 54 Lime St" and lens has matching inscription. Almost certainly sold together, in the late 1800s.

Condition: Excellent +
 Estimate: \$100 - \$150

47. The Peerless Imperial Portrait Camera Nr. 6, with placard reading "American Optical Company New York Scovill Manufacturing Company Profits." Manufactured by the American Optical Company in the late 1890s, the Peerless Imperial was made of polished mahogany and featured lever focusing and a rubber bellows. Founded in 1856 in New Haven, the American Optical Company made more than a dozen models, priced from \$20 to \$70.

Viewing screen area is approximately 9.75-inches x 9.75-inches. Once assembled, the deck measures 25-inches x 12-inches and the overall height is 20.75-inches. This example has a broken focusing screen and plate clip, stiff bellows and is missing its tripod fitting and a set screw at top back, but otherwise all mechanisms work. With after-market 4x7 masking and apparently original plate holder. A fascinating early American camera.

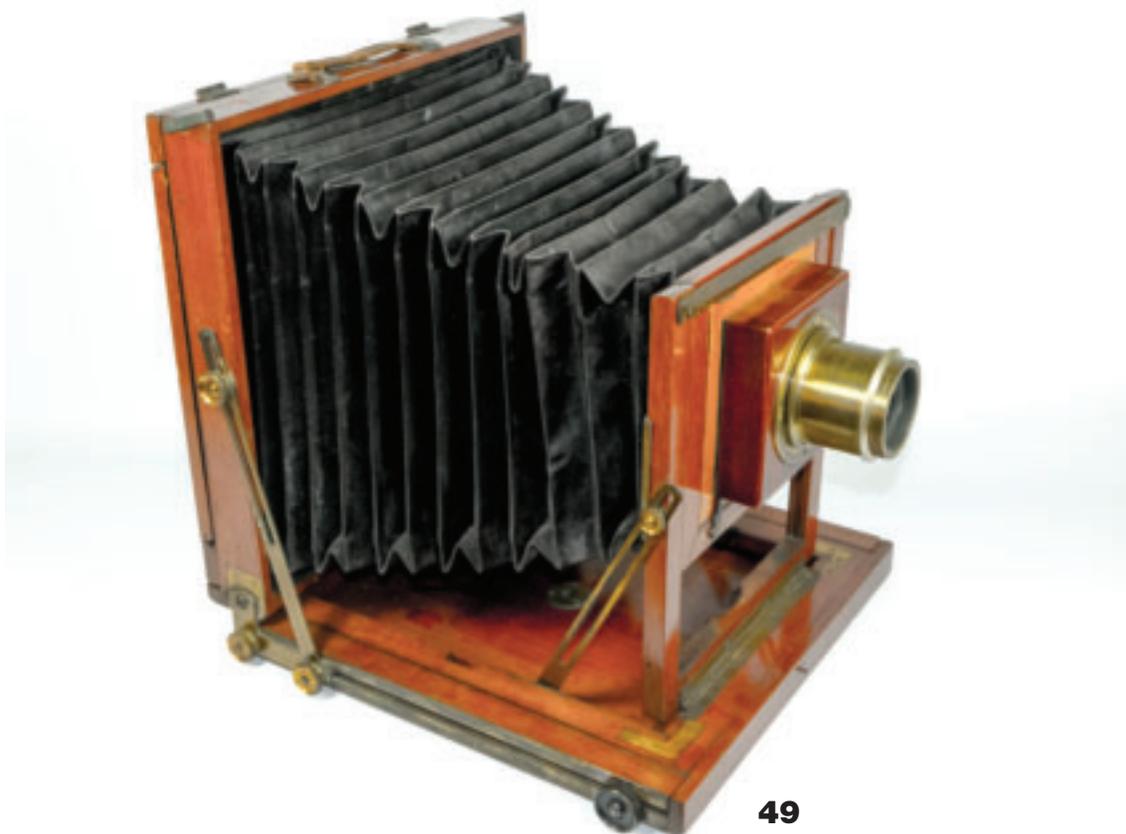

Condition: Very Good
 Estimate: \$250 - \$500

48

48. Standing Pedestal Style Glass Plate viewer of unknown manufacture. Glass plates approximately 3-inch x 4-inch can be viewed through internal rolling system operated by the outside knobs. The handles on the sides appear to have been added later than the original production, and the top plate holding the trap door is loose. The glass and mirror are clean and clear. One of the metal plate holders inside is stamped "Columbia Registered."

Condition: Excellent
 Estimate: \$200 - \$400

49. Sands, Hunter & Co. Tourist Camera No. 1.
Manufactured by E.H Farrow, Hornsey Rise in London with
J. Lancaster & Son's Lens (missing front element). Circa
1895

Condition: Good

Estimate: \$250 - \$350

50. Unis-France Standard 6x13 Stereoscope by "A.
Mattey." Made in the 1930s, this popular hardwood hand-
 held viewer features extendable eyepieces, a focusing
 mechanism and interocular adjustment.

Condition: Excellent ++

Estimate: \$150 - \$250

51. Voigtländer 42cm Heliar f4,5 Large Format "Barrel"
Lens Nr. 242759, engraved "Voigtländer & Sohn, A-G
Braunschweig." with original mounting ring mounted on
a wooden lens board bearing the number "2". Aperture is
stiff and the optics show signs of slight haze. With lens
cap.

Condition: Excellent ++

Estimate: \$250 - \$500

52. 4x5 View Camera of unknown manufacture with chrome
fittings, for negatives approximately 4.5 x 6.5, with film back.
Multiple numbers mark the camera. The track for the bellows
is slightly off and the film back has cracked wood on both
sides. Nonetheless, a handsome camera.

Condition: Excellent

Estimate: \$150 - \$200

53. Two die-cast metal cameras: a handmade "Leica 250
Reporter" camera with 50mm Schneider-Kreuznach Xenar
f3,5 Prontor- S Nr. 2892643, and a Falcon Camera with 2" f3,5
Wollensak Velostigmat "Deltax" lens (no serial number)

Condition: Very Good Overall

Estimate: \$100 - \$200

54. Homemade Camera with Wollensak 3 Velostigmat f2 Focus
Series VI lens Nr. 430512, complete with Direx paper loaded,
Direx brochure, Direx instruction sheet, and hand-written
notes for use. Likely from the late 1930s, this camera used
Direx home-develop film paper. An early Direx ad proclaims
"The Direx Miracle - Have Your Week-End Pictures On Sunday
Night!"

Condition: Very Good

Estimate: \$100 - \$200

185. The Hegelein Watch Camera, Nr. 381891. Also known as “Anthony’s Watch Camera,” it was patented in 1894 by New Yorker John C. Hegelein. Hegelein designed this subminiature pocket watch camera to take removable wooden plate holders for single-exposure film.

When the watch “winding mechanism” is pressed, the front of the case opens and the user can extend the telescoping lens by hand. The back opens also to accept a film plate. The camera made circular images, one at a time. Around the turn of the 20th century, the camera sold for \$5.

The front ring engraving around the meniscus lens reads, “THE WATCH CAMERA PAT’D AUG. 7. 1884 JOHN C. HEGELEIN. N.Y.” Inside the case is stamped on both covers “381891” The watch casing measures 2 ¼-inches in diameter.

203. Leica IIIc Nr. 390772K Grey. Faint “K” still visible on the shutter. Converted by the Leica factory with IIIf Red Dial and flash synchronization features.

Condition: Excellent

Estimate: \$1,500 - \$2,200

204. Leica IIIc Grey Nr. 391517K with 50mm Summitar f2 Nr. 555454, marked in meters. The camera top plate bears the engraving “WH” under the makers mark, which stand for “Wehrmacht Heer,” or “Army Forces.” The “K” stands for “Kugellager” or “ball bearing” due to the special cold-weatherization of the camera. On the shutter, the white “K” stamp is clearly visible, and special triangular tabs can be seen on the film gate – fiducial marks – that were used for calibrating the camera’s photographs to maps; war time cameras with fiducial marks had a clear purpose: reconnaissance.

One of a batch of 226 cameras made in 1944. A remarkable camera, with historical importance. With unmarked ever ready case. Shutter is sticky.

Condition: Excellent

Estimate: \$3,000 - \$5,000

205. Leica M3 “Attrappe” Nr. 12076A with 50mm Collapsible Summicron f2 Attrappe (no serial number). After the German word for “dummy,” an Attrappe was made as a window display unit, and had no interior mechanisms. This set was owned by Al Clarke, one of the founders of the Leica Historical Society of America, who gleefully used this camera to prank other LHSA members.

Condition: Good

Estimate: \$900 - \$1,100

206. Leica M3 Double-Stroke Nr. 700105. An early example of this ground-breaking camera; the 105th Leica M3 camera made in the first year of production, 1954.

Rarely seen, these early cameras have a few traits that later M3 cameras do not; Leica constantly refined the design and features of the M3 camera as production continued. This camera has a glass film plate, four top plate screws and the early type of film track casting. While the camera is very early, it does appear to have a rounded top plate, rather than the “corners” present on other early M3 cameras. Missing the vulcanite on back door, and a small chip from under the lens mount.

Condition: Very Good

Estimate: \$3,000 - \$8,000

208. Leica M2 Black Enamel Nr. 949042 with box. A gorgeous all original black enamel Leica M2 camera, made in 1958.

Condition: Excellent +
Estimate: \$8,500 - \$11,000

209. Leica M4-M Nr. 1185006, with a loving patina with the factory "L" seal intact. Shutter speeds inaccurate.

210. Two Leica M4 Black Chrome cameras, made in Wetzlar and consecutively numbered: Nr. 1381897 and Nr. 1381898. Complete in their original boxes. It is difficult enough to find one camera like this, let alone two with consecutive serial numbers.

Condition: Mint

Estimate: \$4,000 - \$9,000

211. 1920s Metal Leica Dealer's Sign. Made of enameled metal and slightly convex, this sign is approximately 4.5-pounds in weight and 29.5-inches wide by 13-inches high. Exceedingly rare.

Condition: Excellent++

Estimate: \$4,000 - \$5,000

212. Leica M4 KE-7A "Civilian" Nr. 1294908 with 50mm Elcan f2 lens Nr. 276-0468.

Made in Canada in 1972 for the United States Army and specially engraved, the KE-7A was made to withstand temperatures down to -20 degrees Fahrenheit and dust sealed. The 50mm Elcan "Type 276" lens - produced for the KE-7A - was made with infrared-absorbing glass made with lanthanum, a radioactive element that helps achieve a high refractive index for heat control.

The "Civilian" cameras were production overrun of the KE-7A camera, and approximately 55 were ever made - far fewer than the U.S. Army model. The original factory "C" seal is intact and the camera is working. Very rare and very fine.

Condition: Near Mint

Estimate: \$14,000 - \$20,000

213

213. Leica IIIc Nr. 365692 “Luftwaffen-Eigentum” with 50mm Summitar f2 Nr. 552163 “Luftwaffen-Eigentum” in original ever-ready case, also stamped as belonging to the German Air Force. This wartime camera bears the engraving “Fl. No 38079” underneath the ordinary E. Leitz Wetzlar engravings on the top plate, as well as the red shutter. The leatherette is cracked but stable.

This example is from a batch of 300 cameras made in 1940. An extraordinary and historic complete camera set.

Condition: Excellent Overall

Estimate: \$3,500 - \$6,000

214. Leica 72 18x24 Nr. 357441 Midland, Ontario Half-Frame with 50mm Elmar f3,5 Red Scale Nr. 1323321. Designed for filmstrip and archival work, the half-frame Leica 72 enables the user to get 72 images from a roll of 36-exposure film. Less than 200 cameras were made between 1950 and 1963, making it one of the rarest production screw mount Leica cameras.

Based on the tried-and-true Leica IIIa, production of the Leica 72 began in Wetzlar, Germany, where 33 copies were made, and in the early 1950s production moved to Midland, where 150 cameras were produced. This camera was made toward the end of that run – nine copies from the last. A splendid camera set.

Condition: Near Mint

Estimate: \$17,000 - \$20,000

215. Leica 72 18x24 Nr. 357408 Midland, Ontario Half-Frame camera. Made early in the Midland production run, this camera was used and loved, and has been recently serviced and recovered in modern vulcanite.

This is the first “ready-to-shoot” Leica 72 camera we’ve seen in many years.

Condition: Excellent ++

Estimate: \$8,500 - \$12,000

216. Sabre Stock with Visoflex I (Nr. 33925), PEGOO and vertical finder, Leica Ifl Nr. 677030 and 400mm Telyt f5 Nr. 1486109. Made in 1956-1957 by a Leica parts supplier, The Sabre Photographic Supply Company in Chicago, this rifle stock alternative to the Leica Rifle was never marketed by Leitz and only produced for one year. Perhaps a few hundred exist, although the exact number is not known.

The Sabre Stock - like the "Gewehr" Leica Rifle - used 200mm and 400mm Telyt lenses and the Visoflex I with a double cable release, for making action pictures with long telephoto lenses. Like the Leica counterpart, the Sabre Stock was beautifully built to Leica's own standard. Unlike the Leica Gewehr, however, the Sabre Stock has the added feature of allowing the camera to be used easily in portrait configuration.

This set is complete and working. A treasure for any Leica aficionado.

Condition: Excellent ++

Estimate: \$17,000 - \$23,000

217. Leica MP Black Enamel Nr. 50 with Leicavit rapid winder, also finished in Black Enamel, with 50mm Elmar f3,5 Nr. 1141153.

This remarkable camera set came out of 50 years of storage, untouched. The camera carriage underside bears the engraving "P 50." Likely serviced in the 1970s, the camera set is working.

Made for professional photographers in very small numbers, the Leica MP cameras in black enamel finish number perhaps 150, and are exceedingly rare, especially in this condition. Mainly used as intended, many MP cameras - both silver and black - are worn and tattered. This one sat in a vault, and only now makes its 21st Century debut.

A magnificent example of the famous Leica MP camera, offered once in a lifetime.

Condition Excellent ++

Estimate: \$250,000 - \$400,000

TERMS & CONDITIONS OF SALE

The following provisions constitute the entire agreement by and between Tamarkin Auctions, LLC (Tamarkin), the Consignor, and the Buyer and will govern the sale of all property sold through bidding at the Tamarkin auction to be conducted at the Omni Hotel in New Haven, Connecticut on November 11, 2017.

1. BUYER'S COMMISSION

BUYERS WILL PAY TO TAMARKIN A COMMISSION OF NINETEEN AND ONE-HALF PER CENT (19.5%) OF BUYER'S WINNING BID PRICE. ON-LINE INTERNET BIDDERS WILL PAY A COMMISSION OF TWENTY-TWO PER CENT (22%). THIS COMMISSION IS PAYABLE IN ADDITION TO THE WINNING BID PRICE.

2. CONDITION OF PROPERTY

All property is sold "as is" without warranty or guaranty of any kind whether expressed, implied or statutory including without limitation any warranty or guaranty as to character, fitness for a particular purpose, merchantability, physical condition, or rarity. Prospective buyers must rely solely on their own inspection and knowledge before bidding to determine such issues as age, quality, character, physical condition, mechanical and electrical function and rarity.

There is no return privilege, and all sales are final.

The property being offered at the auction is mostly used and to be sold as collectors' items. Bidders should note that some lots have mechanical problems or optical problems. Buyers should assume that most lots have shutters in need of repair and/or light meters that are in need repairing or adjusting, and that most lenses and other optical items require lubrication and/or cleaning. Most of the cameras and lenses have not been recently used and have been sitting on a shelf in a collection. Moreover, the ratings below refer to cosmetic condition and are not meant to describe either mechanical or optical condition.

3. WITHDRAWAL OF PROPERTY

Tamarkin and Consignor reserve, in their unfettered discretion, the right to withdraw any property from auction before sale.

4. DISPUTES

Any disputes between bidders shall be resolved by Tamarkin, who may reoffer and resell any property over which there is a dispute.

5. BIDS, REJECTION AND RESERVES

The Buyer shall be the highest bidder. Tamarkin may reject any opening bid he deems too low and withdraw the property from sale.

Likewise in the course of bidding he may reject any advance as being too low. Generally, Tamarkin will require that all bids advance the price by not less than 10%. All items of property will be sold with a reserve, which may be confidential. Tamarkin may bid on behalf of the Consignor to effectuate the reserve.

Responsibility for bidding is ultimately the prospective Buyer's, and Tamarkin assumes no responsibility or liability with regard to bidding.

Bidding for Lot 217 requires special pre-approval by Tamarkin, and special payment arrangements. Lot 217 will receive special delivery service. Please contact Tamarkin directly to bid. Internet bidding for this item will not be available.

6. POSSESSION, TITLE AND RISK OF LOSS

Buyer will receive possession of the property only when payment has been made in full and all funds have cleared. Title and risk of loss or damage will pass to the Buyer when the Buyer has made full payment and the purchase is shipped.

7. TERMS OF PAYMENT AND REMEDIES

Buyer agrees to pay for property within five (5) days of sale. Payment must be made in U.S. Dollars (\$) and may be made in any one of the following: cash (In House Only), check, credit card, debit card, bank draft or bank wire transfer. Purchased property will not be released to the Buyer until payment in full has cleared.

In the event Buyer fails to pay for property won at sale, Tamarkin may at its sole discretion and in addition and without prejudice to any other right or remedy available to it in law or equity, exercise one or more of the following rights and remedies:

- A. bring an action against Buyer seeking damages for breach of contract, including court costs and attorneys fees.
- B. rescind the sale of the property or any other lot sold to the Buyer.
- C. resell the property at auction or private sale and bring an action to recover any deficiency between (i) full amount owed by Buyer plus court costs and attorneys fees and (ii) the net proceeds, after payment of all expenses, received from the resale. If there is a surplus, the surplus will be paid to Consignor.
- D. store the property and release it to Buyer only upon payment of the full purchase price plus all direct and indirect costs of storage.
- E. to charge interest at 18% per annum commencing immediately after failing to pay on time.
- F. to retain any other lot sold to Buyer at auction.
- G. to apply any amount owing from Tamarkin to Buyer against the purchase price and all expenses due and owing by Buyer to Tamarkin. Tamarkin is likewise be deemed to have a security interest in any property of the Buyer in Tamarkin's possession to secure payment of the purchase price and all expenses due and owing from Buyer to Tamarkin.
- H. to apply any payment made by Buyer to Tamarkin for any purpose and despite any instructions by Buyer as to application, against the purchase price and all expenses due and owing.

8. SALES AND USE TAX

The total purchase price of all property will be subject to all sales or use tax, which Tamarkin is obligated by law to collect.

The tax due on deliveries in Connecticut is 6.35%. The tax due on deliveries in Illinois is 10.25%.

Tamarkin is not obligated to collect tax on any item that is delivered outside the States of Connecticut or Illinois.

9. TERMS OF ADHESION

By bidding at the auction, the Buyer acknowledges and agrees:

- A. that the foregoing terms and conditions will represent the entire agreement of the parties, provided that the terms may be altered or amended by Tamarkin prior to or at the time of auction by oral or written announcement or posted notice.
- B. that the rights and obligations of the parties will be construed and governed by the law of the State of Connecticut.
- C. that jurisdiction for the resolution of any dispute between the parties related to the auction, will be exclusively in the State of Connecticut and consents to the jurisdiction of the Connecticut State Courts and federal court for the District of Connecticut.

10. LIMITATION OF LIABILITY

Tamarkin's and Consignor's liability to a Buyer shall not exceed the purchase price actually paid.

11. TAMARKIN AS AGENT ONLY

Except as otherwise specifically stated in writing, Tamarkin is acting only as an agent for the Consignor. Tamarkin will have no liability for any breach by either a Consignor or Buyer. Further, the Buyer will be responsible for the expenses of handling, insurance, and shipping. Tamarkin shall not be responsible for any loss or damage or theft after the sale or after the shipment is executed on the behalf of the Buyer.
