* These leaflets are printed together on one sheet of paper. Please separate them before reading.

Optional Accessories

The following camera accessories are sold separately.
Some accessories are not sold in some regions.

Flash

- **High-Power Flash HF-DC1**
  This attachable supplementary flash can be used to capture photographic subjects that are too distant for the built-in flash to illuminate.

Power Supplies

- **Compact Power Adapter CA-DC20/20E**
  An adapter for supplying power to operate the camera.

- **Battery Charger CB-2LV/CB-2LVE**
  An adapter for charging Battery Pack NB-4L.

- **Battery Pack NB-4L**
  Rechargeable lithium-ion battery.

Other Accessories

- **SD Memory Card**
  SD memory cards are used to store images recorded by the camera.
  Canon brand cards are available in 128 MB and 512 MB capacities.

- **Camera Station CS-DC1a**
  Use this to charge the battery, play back images, or connect to a TV set, computer or printer.

- **Interface Cable IFC-400PCU**
  Use this cable to connect the camera station to a computer, Compact Photo Printer (SELPHY series), or to a Bubble Jet printer (refer to your Bubble Jet printer user guide).

- **AV Cable AVC-DC300**
  Use this cable to connect the camera station to a TV set.

- **All Weather Case AW-DC40**
  You can use this case to take underwater shots at depths of up to 3 meters (10 feet), and of course it's ideal for taking worry-free pictures in the rain, at the beach, or on the ski slopes.

Direct Print Compatible Printers

Canon offers the following separately sold printers for use with the camera. You can produce photo quality prints quickly and easily by connecting the printer to the camera station with a single cable and operating the camera's controls or the wireless controller.

- **Compact Photo Printers (SELPHY series)**
- **Bubble Jet Printers**
